A top-down view of a creative workspace. In the center is a tablet displaying a logo consisting of a blue globe and a red gear, with the text 'AND+SITES' below it. A hand is pointing at the logo. Surrounding the tablet are various items: a box of colored pencils, a small potted plant, a cup of coffee, several color calibration charts (Pantone and others), and stacks of sticky notes in yellow, pink, and green. The background is a light-colored desk.
